

Save birds, save wetlands

We love living in the Waitakere Ranges and so do our feathered friends.

Birds vs. glass ends up badly for the birds. Help them avoid the glass with these attractive anti bird-strike stickers. Sales supports WRPS and your local community wetland conservation project: **Matuku Link** in Bethells/Te Henga.

Lancer Dragonfly
Aeshna brevistylis

Anti bird-strike window stickers alert birds to the glass before they try to fly through!

The only anti bird-strike stickers with native New Zealand fauna. At just \$25 per pack of 7 large stickers on two A4 sheets, it includes a beautiful poster.

Sales support restoration of the wetland, benefitting all native species including our endangered duck *pateke* (brown teal) at Matuku Link.
